# Course Curriculum

## Violin Course for Beginners

### Course Description:

Today, Musician is not a so-called profession, it has big monetary value. If anyone can play any instrument and can procedure unique music, he/she can make a strong position in the world by dint of internet. To be famous rapidly you don't have to wait for a big stage, you can do it from home. So Violin might be the right choice for you which will give fame and fortune

This course will start Violin from basic. This course is designed for the better music sense on violin. If you are a noob in playing violin and find difficulties with different notes then you have got the right place to learn.

### Course Requirements:

- No requirement. You will need a violin and a bow to practice.

### Course outline:

- Introduction to the Violine
- Introduction to the violine Bow
- Holding the Bow
- Rosin Violin Holding
- Excercise scales and skales excercise Reading Music and Finger
- Terminology of note Length
- Simple math and terminology

## What you'll learn:

- Building a strong foundation:
- For the beginner players who would like to learn and/or improve their violin skills
- Learn your basics - I will teach you a shortcut way to play the violin to make it easier to learn the violin faster. Every detail will be broken down and explained in easy to understand parts to help you succeed.
- You will learn everything to get you started on the violin from start to learning how to play on your own.
- You will learn all the violin scales you need to know
- You will get backing tracks to be able to play along with to help develop your violin skills
- Who is the target audience for this violin lesson course?
- Anyone interested in learning the violin
- Anyone who wants to play the violin for enjoyment
- Anyone who wants to be a performer or a musician
- Great for all ages
- Violin lessons course that's filled with all the information you need to succeed.
- All these violin lessons are all broken down to the smallest detail. It's assumed that a person who has never attempted to play the violin is watching this course. If you have some experience already, and it's too broken down for you, simply increase the speed of the video to skim over the topics and discussion points, and/or skip to a video that more suits your needs.

## Who this course is for:

- This course is for a beginner
- This structured course will also help a frustrated violin player.
- All ages - I once had a 96-year-old man who wants to take lessons. His goal was to learn 5 songs so he could die a happy man. He did exactly that and died a happy man. So if you are telling yourself you are too old, seriously it is never too late.
- For the people that are saying my fingers are too fat, long or long, believe me, I have heard all of that but truly believe anyone can play the violin if you are willing to put in the work. It takes time to learn the violin. For most people it doesn't just happen overnight but when things finally start to click it is really fun.
- For any player looking for a change in their instructor. I do believe it is healthy to try something new. Every instructor is going to teach you something different.
- For anyone saying "I have no rhythm or talent" - "You can learn to do anything if you put your mind to it" - that is what my momma used to say and it still holds true today for everybody.
- For anyone looking to meet new people. Playing the violin is a great way to make new friends. I have met my closest friends playing music. There is a huge community of like-minded people playing music in every part of the world.
- For the beginner - This is a great starting point - you will get the total basics broke down.
- This course is designed for the beginners. All ages can join.
